Re: Notice of Ex Parte Presentation in IB Docket No. 01-185

Dear Ms. Dortch:

On May 30, 2002, representatives of the U.S. GPS Industry Council ("the Council") met with the members of the staff of the Commission's International Bureau ("IB") to discuss matters relating to the consideration of the nature and use of the United States Global Positioning System ("GPS") and its associated applications in connection with the above-referenced proceeding. The Council used the meeting to gain an understanding of the status of the proceeding at the Commission, and to arrange for the provision of technical information relevant to resolution of the proceeding's outstanding issues. The IB staff present at the meeting were James Ball, J. Breck Blalock, Ronald Repasi, Trey Hanbury, and Paul Locke. The Council was represented by Ann Ciganer of Trimble Navigation Limited (via teleconference), and Raul Rodriguez and Stephen Baruch of the law firm Leventhal, Senter & Lerman, PLLC.

The original and one copy of this letter are enclosed for inclusion in the docket file. Please direct any questions you may have to the undersigned.

Respectfully yours,

Stephen D. Baruch
